

Gender and Women's Studies Certificate in Biology

Certificate

Students may complete coursework and an experiential learning component that focuses on the role of gender in their primary area of study of Biology, Criminal Justice, or Health Sciences. Students who wish to pursue the certificate should contact the Gender and Women's Studies coordinator and consult with the instructor in the course from their field of study. The following is required:

Two of the following courses:

Item #	Title	Credits
GW 101	Introduction to Gender and Women's Studies	4.0
GW 102	Introduction to Gender and Men's Studies	4.0
GW 110	Gender and Social Justice	4.0

BI 207

Students must complete the prerequisite course(s) to enroll in BI 207. Students would choose a gender-related topic for the major literature review project in BI 207.

Item #	Title	Credits
BI 207	Molecular Genetics	4.0

Internship or Research Experience

An internship or research experience (2-4 credits) that allows students to gain experience in their discipline, with the academic component having students apply Gender Studies' texts, topics, and theories to their practical work.

Total Credits	14-16
