

Signs, Posters and Flyers

Signs, posters and flyers are to be posted on bulletin boards available in the halls. Approval to post any materials needs to be gained from the Office of Residential Life prior to posting. Signs posted without approval will be removed. Students cannot advertise for companies or organizations outside of the college, on college property. Signs should not be posted on clear-glass doors due to blocking lines of sight. Students should utilize appropriate tape when hanging posters so that College structures are not damaged.
