

Education with Elementary Licensure

Major

Students wishing to earn a teaching license in one of our State of Illinois approved programs and/ or major in Education must complete the following concentrations. ED 434 in the student teaching semester serves as the capstone for the education major. Anyone completing the education major without licensure will be required to complete an alternate capstone.

Elementary Licensure requires specific content area coursework in disciplines outside of the Education Department. Students should consult the Education Department for the current list of these courses. Many of these courses fulfill the BLUEprint general education requirements.

Required Courses
